AC Rating: AC3

Flooring is durable enough for general home use in all traffic areas, and can be used in a professional setting with light foot traffic.

Smart Uniclic® Joint Technology

TORLYS Smart Uniclic® Joint Technology has one of the strongest possible joints in flooring today. Constant lower lip pressure creates the tightest joint and is tested to withstand extraordinary joint stress — more than 1,000 lbs of pressure per linear yard is needed to pull apart two

TORLYS planks. The joint is also milled to 1/1000 of an inch for the most exacting fit.

Healthy Home

TORLYS Hampton Laminate is CARB 2 (California Air Resources Board) compliant and meets the Healthy Home requirements set by the European (E1) and California Dept. of Public Health Services Standard Practice for The Testing of Volatile Organic Emissions from Various Sources Using Small-Scale Environmental Chambers, referred to as California Section 01350.
